

A NEW AND
ACTUAL
SURVEY,

DDX/118

139/29

OF THE

Township of Tottington

LOWER END,

IN THE PARISH OF BURY

And County of Lancaster.

taken in the YEAR 1794, by *James*

ROBERT SMITH, JOHN KAY, AND JOHN BRANDWOOD.

wherein is shewn, the Yearly value of every
FARM, BUILDING, COTTAGE AND FIELD,

together with the
Owners and Occupiers Names.

TO WHICH IS ADDED

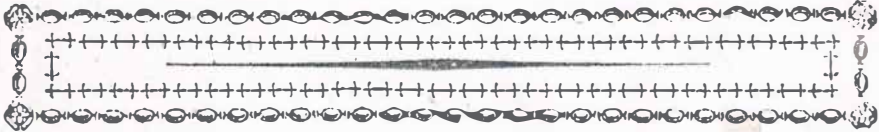

An APPENDIX,

Shewing at one VIEW the TOTAL VALUE of every ESTATE.

PRINTED IN THE YEAR

1795

Price 2s. 6d. Sewed.

IN the following Valuation, a Farm House and Out-housing are allowed to each Farm, to keep up the Value of the Land; except where such Farm House is more than proportionate to the size and Value of the Land: in which case an Extra. Value is put upon the said House, so far as it appears to exceed a due and reasonable proportion to the Land.

Also all Cottages (especially those of small value) are valued considerably below their apparent Yearly Rents: because of the frequent loss of Rents, and expences of Repairs, to which they are liable.

Also all Public Houses are valued about one fourth part higher than other Dwelling Houses: because they produce greater Yearly Rents, whilst their Licences are continued to them: and if any of them shall hereafter be deprived of their Licence, there may be a reduction in the Pound Rate of such Premises, about one fourth part of the present valuation, of such Public Houses.

Also all Mills, Factory and Engine Buildings are valued about one fourth part higher than common Cottage Buildings of the same size and apparent value: because of the advantage of the Water which works the Machinery, which Water is valued with the Buildings as an Appurtenant, tho' not mentioned. But we apprehend that Streams of Water which are not brought into use in that way, are not liable to Taxation, because they produce no Yearly profit; and therefore we have not put any value upon them.

ERRATA.
